AMENDMENT

Commissioner for Patents  
Washington, DC 20231

RECEIVED

NOV 20 2002

TECHNOLOGY CENTER R3700

Dear Sir:

In response to the Office Action dated June 14, 2002, please amend the above-identified U.S. patent application as follows:

In the Specification

Cancel page 3, line 5 through page 4, line 8 and substitute the following paragraphs at page 3, line 5:

*Sub: B1>*  
According to an aspect of the present disclosure, a gaming apparatus includes a housing, a display unit that is capable of generating video images and mounted in the housing, a touch-sensitive input device disposed overlaying a portion of the display unit, a sensor disposed overlaying a portion of the touch-sensitive input device, a value input device associated with the housing, and a controller disposed in the housing and operatively coupled to said display unit, said touch-sensitive input device, said sensor and said value input device, said controller comprising a processor and a memory operatively coupled to said processor. The controller is programmed to allow a person to make a wager, to cause a first video image to be generated on said display unit, said first video image representing a game and including
